British Royal College Learning Materials:

As of 2022, BRC will no longer be making use of an online learning platform. As we prepare for Cambridge accreditation, we have fostered a relationship with the South African Cambridge University press team. It is in the best interest of our students to move over to materials that are endorsed by Cambridge. BRC students will still use their tablets to access their Google classrooms in 2022 but all learning materials will be hardcopy textbooks.

The cost of these new materials are included in each students monthly fee's and students will receive a book pack at the start of 2022. Although the purchase of the textbooks will be made by BRC a **refundable deposit (much like a security deposit)** is required per student to ensure a book can be replaced should a book be lost or damaged beyond which we can repair. The deposits differ per phase, as the costs per textbook increases as students work their way through the Cambridge pathway.

Textbook arrangements in a nutshell:

- Each student will be invoiced a refundable textbook deposit due by 1 January 2022
- Deposit will be refunded when a student leaves BRC and has returned all their textbooks
- This deposit is not due annually, but the deposit does differ per phase, as a student progresses to a higher phase, a top-up amount will be required. E.g. A student moving from Stage 8 to IGCSE will be required to top up their deposit based on subject choices
- Should a textbook be lost or damaged, we will consult with parents before making use of the deposit to purchase a replacement textbook
- Should a portion of the deposit be used to replace a missing or damaged textbook, a top-up of the textbook cost will be payable. The costs per book are outlined per phase in the document below
- Damaged textbooks; as teachers we know that textbooks will have wear and tear. Damaged textbooks refer to: highlighting in textbooks, writing or drawing in textbooks or missing pages.
- Parents whom would like to purchase the textbook pack for their student are welcome to do so via BRC.
